- **Problem-Crushing Pro**: Tackling technical challenges with precision and flair

- **Communication Champ**: Delivering crystal-clear tech insights with strong oral and written skills

- **Team Dynamo**: Thriving in diverse teams with collaborative energy

- **Time Wizard**: Mastering deadlines and priorities under pressure

- **Leadership Spark**: Leading with integrity and bold initiative

Epic Work Journey

IT Officer Extraordinaire

Cedarcare Hospital, Lagos State | June 2023 – March 2025

- Spearheaded the rollout of an Electronic Medical Record (EMR) Software, slashing documentation errors by 40% and turbocharging patient data access.

- Revamped IT support, cutting issue resolution time from 48 to 12 hours, keeping operations humming smoothly.

- Empowered 50+ healthcare pros with top-notch IT training, boosting efficiency and output to new heights.

- Crafted rock-solid IT policies, fortifying system security and aligning with healthcare IT gold standards.

- Built a bulletproof data backup/recovery plan, ensuring zero data loss and business continuity.

- Supercharged network systems, delivering a 30% speed boost across all departments.

- Guided cost-effective IT procurement, aligning investments with strategic organizational wins.

Tech Toolkit

- **Frontend Firepower**: HTML, CSS, JavaScript, React, TailwindCSS

- **Systems & Gear**: Microsoft Office Suite, EMR Software Deployment, IT Infrastructure Mastery

- **Soft Skills Edge**: Problem-Solving Genius, Team Leadership Vibe, Cross-Functional Collaboration

Education Quest

Software Engineering (Frontend & Backend Development)
GOMYCODE, Lagos | 2025
- Embarking on a coding odyssey to master full-stack development, blending frontend finesse with backend brilliance!

Live Projects

- **Project 1** - Showcase of innovative frontend skills in action!

- **My To-Do App** - A dynamic task manager built with precision and passion!

- **Elysian Scents** - A stunning e-commerce experience crafted with flair!

Why Me?

I'm not just an IT pro—I'm a future software engineering innovator with a hunger to build sustainable, impactful solutions. My blend of technical prowess, leadership grit, and a passion for coding—plus live projects that speak volumes—makes me the perfect fit to elevate your team. Let's create something extraordinary together!
